Work Experience

Arcafeed | UI/UX Visual Design Intern | Boston, MA

Sept 2022 - Present

- Gathered and evaluated user requirements in collaboration with product managers, engineers, and fellow designer
- Developed UI mockups and prototypes that clearly illustrated how sites function and what they look like
- Designed graphics user interface elements, like menus, tabs and widgets (Adobe, Canva, Figma)
- Prepared and presented rough drafts to the start up team

The Brand Executives | Web Development Intern | Austin, TX

July 2022 - Present

- Worked closely with head of the development team to brainstorm best practices in developing new features or existing functionalities
- Responsible for creating design mock-ups to strengthen designs, user interactivity, and improve site interactions
- Created user interfaces using low-code technologies such as bubble.io

McDonough Middle School | Teacher | McDonough, GA

Aug 2021 - June 2022

- Served as an encouraging mentor to all of my students, as well as monitored children's behavior
- Contributed to the improvement of sixth grade standardized reading test scores by ~9%
- Collaborated with fellow colleagues to develop and structure lesson plans for 30+ students of different learning capabilities

Projects

Youtube Clone | [Deployed](#) | [GitHub Repo](#)

Personal Project

- Developed a responsive react application primarily with React, Javascript, Youtube Api, Firebase, Html, CSS
- Integrated Youtube's Api in order to pull videos based upon search

Crescendo | [Deployed](#) | [GitHub Repo](#)

- Collaborated with team of 5 to build an application which brings social media and music onto one platform
- Developed application primarily with PHP, HTML, CSS, Javascript, MYSQL database
- Implementation of CRUD operations in order for users to post, comment, delete, and update
